

# Rubber foam insulated ducts

## F...-SPR-C

### Dimensions

### Description

The rubber-insulated spiral ducts are ideal for quickly assembled ventilation and air-conditioning systems. Owing to the factory-fitted rubber foam insulation, our time at the construction site is saved. The ventilation ducts are available in 1- and 2-metre sections, and in 9, 13, 19 and 25 mm insulation thickness.

#### Marking example

Product code:

**F09 - SPR - C - 100 - 2**

rubber thickness Q:

- 09
- 13
- 19
- 25

type

sheet:

- galvanised C
- stainless steel K
- aluminium A

diameter

length L:

- 1
- 2

$\varnothing d_{nom}$ [mm]	$\pi d$ [m]	$\frac{\pi d^2}{4}$ [m <sup>2</sup> ]
80	0.251	0.005
100	0.314	0.008
125	0.393	0.012
150	0.471	0.018
160	0.502	0.020
200	0.628	0.031
250	0.785	0.049
